MIFA I / Frontier Negotiations Update

Contract negotiations between the Local Unions in MIFA I and the company began on February 12, 2018, in Myrtle Beach, SC. The bargaining sessions are being held at the Call Center located in Myrtle Beach.

As of this date, MIFA I has passed forty two (42) proposals to the company. The Union has received two (2) from the company. The 1st addressed the length of the agreement and the 2nd business attire.

We have put the company on notice that the Union shall be strictly adhering to the guidelines set forth in the structured bargaining agreement. The Union has made it known that we are available to meet whenever necessary, including weekends, to reach an agreement. All proposals must be passed across the table no later than March 22, 2018. If we are unable to achieve a tentative agreement by April 7, 2018, we shall enlist the services of a mediator from FMCS for thirty (30) days.

The company appears to be more concerned about the strike in West Virginia than it is about these negotiations. Our members deserve the company's full attention throughout this process.

If your manager is one of those selected to participate in the company's strike breaking efforts in West Virginia, we ask all IBEW members not to accept any opportunities for in-charge or work leader differential pay. We need to support our Sisters and Brothers in the CWA as this very same struggle will be at our own doorstep soon enough.

Fraternally,

IBEW Negotiating Team

IBEW Local Union 71-OH, 289-NC, 1106-MI, 1431-SC
